London Underground Limited Closure Notices

The promoters of the closure of a rail station or the discontinuation of 'excluded London services' (Transport for London operated railways as opposed to National Rail services) must do so according to the Railways Act 2005. Schedule 8 of the Act describes the procedure for advertising the closure.

The attached notices appeared in The Watford Free (Appendix A) and in The Independent (Appendix B) on Thursday 23 February 2012. A similar notice appeared again in the Watford Observer (Appendix C), The Independent (Appendix D) and The Times (Appendix E) on Friday 02 March 2012.

Two similarly worded posters (Appendices F & G) appeared at the Watford and Croxley stations and all other Metropolitan line stations. London TravelWatch visited a sample of these stations to confirm notices were posted.

LUL have exceeded the package of communication materials agreed upon with London TravelWatch. They also emailed a similar notice (Appendix H) to Oyster-card holding passengers who use Watford station and have signed up to receive email updates.

The various closure notices are available on request from:
