Comprehensive Spending Round: Impact of Cuts in Transport Funding

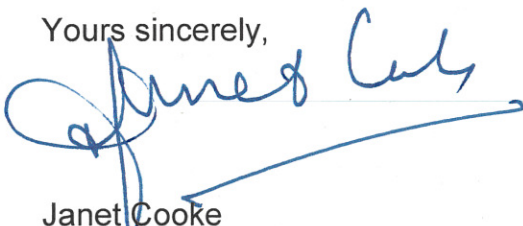

At a meeting this morning London TravelWatch's Board considered in detail the effect on passengers of a disproportionate cut in TfL's budget in the forthcoming spending round. We are deeply concerned about the damage that could be done to the interests of the capital's consumers, its economy and London's role in the UK economy as a whole.

Our Chair has already written to the Chancellor – copy enclosed. Mr Osborne's statement is planned for 26 June. The next two weeks will be critically important.

As a London MP we are sure you will share our concerns, and would urge you to do whatever else you can to try and influence the crucial forthcoming spending decisions, in order to protect the interests of London's passengers and its economy.

If you have any queries relating to this please do not hesitate to contact me.

Yours sincerely,

Janet Cooke
Chief Executive
