REPORT OF THE BOARD

The Board and Chief Executive present their report and audited financial statements for the year ended 31 March 2015

Statutory background

London Transport Users' Committee was established as a body corporate on 3 July 2000 under provisions in the Greater London Authority Act 1999 (Commencement No 4 and Adaptation) Order 2000. Under Clause 4 of the London Transport Users' Committee (Transitional Provisions) Order 2000 all property, rights and liabilities of London Regional Passengers' Committee (LRPC) were transferred to London Transport Users' Committee (LTUC). Clause 5 of the same Order provided for a continuity of functions between LRPC and LTUC, hence the new Committee inherited the full range of activities of LRPC, together with such additional functions as are set out in the relevant provisions of the Greater London Authority Act 1999 as amended by the Transport Act 2000. On 20 October 2005 the Committee adopted the title London TravelWatch as its operating name. From 1 January 2007 London TravelWatch has operated as a Board and its principal subsidiary bodies, legally Sub-Committees under the Greater London Authority Act 1999, have been established as Committees.

Principal activity

London TravelWatch's function is to represent the interests of the users of transport services provided by, or on behalf of Transport for London, together with the users of Heathrow Express, and within defined geographical boundaries, the national rail network and Eurostar. It fulfils this responsibility by:

- (i) Acting as the appeals body for complaints from, or on behalf of transport users, that have not been dealt with to the complainants' satisfaction by the service provider.
- (ii) Responding to consultation exercises by the service providers, by regulatory bodies, by central and local government and by others on matters to do with services within its remit in particular and transport policy in general.
- (iii) Undertaking research into transport needs in its area.
- (iv) Meeting regularly with transport decision makers, providers and operators to promote improvements for service users and operators.

Finance

London TravelWatch is financed by grants from the Greater London Authority as approved by the London Assembly. The Grant-in-aid is primarily of a revenue nature, but occasionally may contain an element relating to capital expenditure, and is credited to the income and expenditure account in the year in which it is received. London TravelWatch recovers from Transport Focus (previously Passenger Focus) the operating name of the Passengers' Council the costs of rail safety work done on its behalf.

Creditors / suppliers payments policy

London TravelWatch has a policy of settling all valid bills according to terms agreed with individual suppliers. In practice, this can vary between 14 and 30 days following the invoice date, although every effort is made to ensure earlier payment where this is possible. There were no claims for interest payment – under the terms of the Late Payment of Commercial Debts (Interest) Act 1998 - in this financial year. At least 99% of the suppliers' invoices not in dispute are paid within 30 days of receipt.

Fixed assets

Details of the movements in the tangible fixed assets are set out in note 11 to the financial statements.

IT

During the year 2013 - 14 London TravelWatch disposed of its computer servers and moved onto a managed cloud arrangement. Not only has this proved beneficial from a business continuity perspective, it has also resulted in a slight cost saving due to reduced support costs. We also updated our website during 2013 - 14 and in 2014 – 2015 upgraded our CRM casework management system to ensure it remains fit for purpose.

Premises

Previously London TravelWatch shared accommodation at Dexter House, Royal Mint Court with the London Pension fund Authority (LPFA) but their lease expired at the end of 2014. In December 2014 a move was carried out to rent premises within the London Fire and Emergency Planning Authority's (LFEPA) headquarters building. LPFA are leasing separate premises in the same building and this has presented the opportunity to share resources between the two organisations.

Board

Stephen Locke was appointed as Chair from 1 December 2012 and a new Board was appointed from 1 January 2013. All Board appointments are made by the London Assembly following public advertisement.

Pay

On 1 April 2006 London TravelWatch introduced a banded pay structure for its staff based on the revised structure implemented by the Greater London Authority in 2005. This was continued during the year. We followed the decision made by the London Assembly in respect of City Hall staff and members and implemented a small pay rise for our staff and members which mirrored theirs.

Training and development

As part of the performance management system, training needs are identified and training plans established by line managers for their staff. Individual training is then provided to enhance skills and performance. During the year, particular attention continued to be paid to assisting staff who were taking on new responsibilities to acquire the knowledge they need. The Board continued to widen its awareness of the issues facing transport users through policy briefings and site visits.

Investors in People (IiP)

London TravelWatch was first accredited under the IiP scheme in 2002. Following our assessment visit in January 2014 we became one of fewer than 600 organisations in the country to gain IiP silver award for the way we transformed business performance through the support and motivation of our staff. We continue to use the IiP framework to further develop our skills.

Achievements

We had a very successful year during which we continued to make a difference for people travelling in and around London. We stood up for rail passengers affected by persistent delays and disruption, challenging the industry to improve and making the case for better compensation arrangements for commuters. We consulted Underground passengers to ensure their needs were properly taken into account when ticket offices were closed. We developed an online community to help give bus passengers a voice and continued to monitor the reliability of bus services, highlighting the worst performing routes and lobbying TfL to address the underlying causes. Our report on how to improve public transport access to London's five major airports was well received by both politicians and the industry and several of our recommendations are already being addressed. Our Annual Review demonstrates our achievements over the past year in greater detail.

Transparency

London TravelWatch aims to be fully transparent in its decision making processes and corporate arrangements. To this end London TravelWatch publishes details of expenditure equal to and above £500 and procurement information for contracts equal to and above £5,000 on its website. It also publishes detailed information on its organisational structure, salary bands and the 'pay multiple', as well as details of governance, board and committee reports and decisions, members declarations of interest and allowances, financial statements and performance reports.

Equal opportunities and disability

All employees have equal opportunities for employment and advancement based solely on their ability, qualifications and relevant skills and experience for the work. It is the formal and written policy of London TravelWatch that there shall be no discrimination on any grounds, including gender, racial or national origin, religious beliefs, sexuality, age, disability, marriage/civil partnership, pregnancy or gender reassignment. During the year we updated our policy and agreed an action plan to ensure we continue to be a healthily diverse organisation.

Statement of London TravelWatch's and the Chief Executive's responsibilities

Under section 251 of the Greater London Authority Act 1999, London TravelWatch is required to prepare a statement of accounts for the financial year on the basis directed by the London Assembly. The accounts are prepared on an accruals basis and must show a true and fair view of London TravelWatch's state of affairs at the year-end and of its income and expenditure and cash flows for the financial year.

In preparing the accounts London TravelWatch is required to:

- Observe the accounts direction issued by the Assembly, including the relevant accounting and disclosure requirements, and apply suitable policies on a consistent basis. The accounts direction is shown as an appendix to the accounts;
- Make judgements and estimates on a reasonable basis;
- State whether applicable UK accounting standards have been followed and are in accordance with the Companies Act 2006, which replaced Schedule 4, Parts I to III of the Companies Act 1985, and explain any material departures in the financial statements.

London TravelWatch has designated its Chief Executive as the Accounting Officer. Her relevant responsibilities as the Accounting Officer, including her responsibility for the propriety and regularity of public finances and for the keeping of proper records, are set out in the London Transport Users Committee (Transitional Provisions) Order 2000.

Corporate governance: statement of the Accounting Officer on the system of internal financial control

As Accounting Officer, I acknowledge my responsibility for ensuring that an effective system of internal financial control is maintained and operated by London TravelWatch.

The system of internal financial control can provide only reasonable not absolute assurance that the assets are safeguarded, transactions authorised and properly recorded and that material errors or irregularities are either prevented or would be detected within a timely period.

The system of financial control is based on administrative procedures including the segregation of duties. In particular this includes:

- Comprehensive budgeting systems with an annual budget which is reviewed and agreed by the London Assembly;
- Procedures to review and agree budgets; and
- The preparation of regular financial reports, which includes actual expenditure against forecast.

In addition, internal financial control is exercised by a requirement for all payments over £3,000 to be signed by two authorised signatories, with all expenditure covered by invoice, signed certificate or utilities bill and / or receipt, direct debit mandate or standing order instruction.

I consider these measures, in addition to simple arithmetic checks of invoices, adequate for the size of the organisation. In my view, the effectiveness of the system of internal financial control is informed by our own management checks, and comments made by the external auditors in their management letters and other reports.

Staffing

Our Senior Finance Officer left in July 2014 and we entered into a shared services arrangement with LPFA to provide us with accountancy support. We made small adjustments to the grading of some of our posts to reflect additional responsibilities that have been taken on and we appointed our first apprentice in September 2014. The continued efficiency improvement in our casework team means we were able to switch some resources into the policy team to deal with a high incoming workload.

Reserves

The Board reviewed the reserves policy in October 2013 and agreed to maintain the general reserve at an intended minimum level of £50,000. Our reserves at 31 March 2015 of £104,000 were much higher than this because they included the impact of significant capital expenditure relating to the office move in 2014-15. This will be depreciated over the period of the lease.

Risk Statement

The Board of London TravelWatch has a robust system for assessing and managing risk and ensuring business continuity. Both have been the subject of internal audit and given a 'substantial assurance' rating.

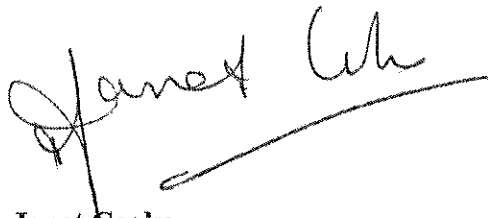

Memorandum of Understanding

Last year London TravelWatch agreed a new Memorandum of Understanding with the London Assembly's Transport Committee which sets out a clear and transparent basis upon which the two organisations will interact with each other.

Going Concern

London TravelWatch's funding is provided by means of a grant from the Greater London Assembly, which is renewed on an annual basis.

On the basis of London TravelWatch's budget and business plan for the next financial year, prepared in accordance with the directions from the Greater London Assembly, I have reasonable expectation that London TravelWatch will continue in operational existence in the foreseeable future and accordingly consider that it is appropriate to adopt the going concern basis in preparing accounts.

Independent Auditor's Report to the London Assembly

We have audited the financial statements of London Travel Watch for the year ended 31 March 2015 which are set out on pages 9 to 19. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the London Assembly, as a body, in accordance with the Accounts Directions given by the London Assembly and attached on page 20. Our audit work has been undertaken so that we might state to the London Assembly those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than London TravelWatch and the London Assembly as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of London TravelWatch and auditor

As explained more fully in the Statement of London TravelWatch's and the Chief Executive's Responsibilities set out on pages 4 to 5, London TravelWatch are responsible for the preparation of the financial statements in accordance with the United Kingdom Generally Accepted Accounting Practices and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to London TravelWatch's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the board; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of London TravelWatch's affairs as at 31 March 2015 and of its surplus for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and

- have been prepared in accordance with the requirements of the Accounts Direction issued by the London Assembly.

Opinion on other matter prescribed by the Accounts Direction issued by the London Assembly

In our opinion the information given in the Report of the Board for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Accounts Direction issued by the London Assembly requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of board members' remuneration and transactions with London TravelWatch are not made; or
- we have not received all the information and explanations we require for our audit.

NOTES TO THE FINANCIAL STATEMENTS
31 March 2015

1. ACCOUNTING CONVENTION

Basis of accounting

These financial statements have been produced in accordance with the accounts direction given by the London Assembly (Section 251 of the Greater London Act 1999) which is reproduced as an appendix to these accounts and without limiting the information given meet the disclosure requirements of the Companies Act 2006. The principal accounting policies are set out below. They have been applied consistently in dealing with items considered material in relation to the accounts.

The accounts have been prepared under the historical cost convention.

GLA grants receivable

During the period covered by the accounts, London TravelWatch was funded primarily by grant-in-aid from the Greater London Authority under the provisions of the Greater London Authority Act 1999, as noted on page 2. This was accounted for on a receivable basis and credited to the income and expenditure account. London TravelWatch also recovered the cost from Transport Focus for work done by London TravelWatch's Safety Advisor in respect of rail safety issues.

Fixed assets

Expenditure on tangible fixed assets is capitalised for each item, the cost of which exceed £5,000 or, in case of minor computer hardware, group of assets. Items falling below this value are charged as an expense to the income and expenditure account.

Depreciation

Depreciation is provided on all tangible fixed assets at rates calculated to write off the cost of each asset evenly over its useful life, as follows:

- Short-term leasehold improvements To the cessation of the lease.
- Computer equipment and software 5 years for hardware and software
as detailed by IT advisors

Value Added Tax

London TravelWatch is not VAT registered.

Corporation Tax

London TravelWatch has been confirmed by HMRC as dormant for Corporation Tax purposes for any period that ends before 31 May 2019, subject to any change in activities in the period which are taxable.

Pensions

Retirement Benefits / pension costs have been accounted for under FRS 17. Certain additional disclosures are given as required by FRS 17 (Note 15).

Principal Civil Service Pension Scheme

Past and present employees are covered by the provisions of the Principal Civil Service Pension Scheme (PCSPS). The Scheme is an unfunded multi-employer defined benefit scheme but London TravelWatch is unable to identify its share of the underlying assets and liabilities. The scheme actuary most recently valued the scheme as at 31 March 2012. Details are available on the Government Actuary's Department website (www.civilservicepensionscheme.org.uk).

For 2014-15, employers' contributions of £103,000 were payable to the PCSPS (2013-14 £104,943) at one of four rates in the range 16.7 to 24.3 per cent of pensionable pay, based on salary bands. The Scheme Actuary reviews employer contributions every four years following a full scheme valuation. The contribution rates are set to meet the cost of the benefits accruing during 2014-15 to be paid when the member retires and not the benefits paid during this period to existing pensioners.

Partnership Pension Account

Employees can opt to open a partnership pension account, which is a stakeholder pension with an employer contribution.

Employers' contributions of £1,592 (2013-14 £3,613) were paid to one of the panel of three appointed stakeholders' pension providers.

Employer contributions are age-related and range from 3% to 12.5% of pensionable pay.

Employers also match employee contributions up to 3% of pensionable pay.

ACCOUNTS DIRECTION GIVEN BY THE ASSEMBLY

The Assembly, in exercise of their powers under section 251 of the Greater London Authority Act 1999, hereby make the following Directions:
