TfL Performance report

**1 Purpose of report**

- 1.1. To inform members of developments regarding the TfL performance report

**2 Recommendation**

- 2.1. That members note the report.

**3 Information**

- 3.1. The TfL performance report for Q1 2014/15 is incomplete due to the delay getting the Streets performance report information. This is unfortunate and is a recurring problem.
- 3.2. TfL now no longer publish the % of scheduled services report for DLR and Tramlink in its Operational Finance Report. We will seek to find where this information is published and report in future performance report.
- 3.3. TfL is making progress in producing a measure of bus journey speeds. This will be of interest to the London TravelWatch and to passengers and we hope to publish this in the future.

**4 Equalities and inclusion implications**

- 4.1. None – report is for information only.

**5 Legal powers**

- 5.1. Section 248 of the Greater London Authority Act 1999 places upon London TravelWatch (as the London Transport Users Committee) a duty to consider - and where it appears to the Committee to be desirable, to make recommendations with respect to - any matter affecting the functions of the Greater London Authority or Transport for London which relate to transport (other than of freight).

**6 Financial implications**

None – report is for information only.
